

## Easy Cut 6000

### Description:

#### ***The most inexpensive and easiest box cutter!***

Easy Cut 5000 is a breakout new box cutter that reduces product damage! Easy Cut 6000 has one precise blade depth setting for single wall corrugated boxes. The unique blade penetrates through cardboard, and does not damage the product! Two sided blades ensure the longest possible blade life. Easy Cut 6000 has an ergonomic handle. The clip-on holster, 5 blade clip and lanyard (stretches up to 6 feet!) offers convenient, safe storage – and reduces cutter purchases! The lanyard, 5 blade clip and holster are sold separately. This safety knife has been engineered for superior performance and is the champion of inexpensive cutters in the Easy Cut line.

*\*When ordering replenishment blades, ask for the Easy Cut 5000/6000 blades.*
